COMPANY OVERVIEW

About Oceanides

Oceanides brings essential property services together through one service partner. We serve commercial, industrial and residential properties, including restaurants, hotels, offices, warehouses, factories, hospitals and homes.

Registered in 2023 as Oceanides Plumbing Services under DTI; now an SEC-registered One Person Corporation.

Customer relationships built through recurring septic tank, grease tank and plumbing service.

SERVICE 01

Septic Tank Siphoning

Plan septic tank servicing before an overflow disrupts your property.

Oceanides provides septic tank siphoning for commercial, industrial, and residential properties. We coordinate access, the work area, and the agreed service schedule with your site representative.

01 Review of tank access and service requirements

02 Removal of accumulated septic contents within the agreed scope

03 Coordination with site personnel during the work

04 Recommendations for the next service based on site conditions

AI-generated service illustration

Landline (02) 8633 8486 / (02) 8330 1329 Globe 0917 671 6383 Smart 0939 245 6217
marketing@oceanidessepticandpest.com | corporate@oceanidessepticandpest.com TIN 260-084-087-00000

SERVICE 02

Manual Septic Tank Cleaning

Address deposits and buildup that require more detailed cleaning.

Oceanides assesses deposits that need detailed cleaning beyond siphoning. The method follows tank condition and access. Any confined-space entry requires qualified personnel, suitable equipment, and applicable safety procedures.

01 Assessment of remaining sludge and solid deposits

02 Selection of a suitable cleaning method

03 Detailed cleaning within the agreed work area

04 Site turnover and maintenance observations

AI-generated service illustration

Landline (02) 8633 8486 / (02) 8330 1329 Globe 0917 671 6383 Smart 0939 245 6217
marketing@oceanidessepticandpest.com | corporate@oceanidessepticandpest.com TIN 260-084-087-00000

SERVICE 03

Plumbing Services

Keep your property's water supply and drainage working.

Oceanides handles plumbing assessment, repairs, and installation work for existing properties and renovation projects. We identify the affected area and explain the proposed work before implementation.

01 Water supply and drainage assessment

02 Pipe and fixture repair or replacement

03 Installation and alteration within the approved scope

04 Functional checks and site turnover

AI-generated service illustration

Landline (02) 8633 8486 / (02) 8330 1329 Globe 0917 671 6383 Smart 0939 245 6217
marketing@oceanidessepticandpest.com | corporate@oceanidessepticandpest.com TIN 260-084-087-00000

SERVICE 04

Excavation Services

Create access for the underground work your property needs.

Oceanides provides excavation support for plumbing, drainage, septic tank, and related property works. The method and boundaries follow a site review, utility coordination, and the approved work scope.

01 Site access and excavation scope review

02 Coordination of known utilities and work boundaries

03 Excavation for agreed plumbing or drainage works

04 Backfilling and surface reinstatement where included

Conceptual property illustration; not an excavation plan

Landline (02) 8633 8486 / (02) 8330 1329 Globe 0917 671 6383 Smart 0939 245 6217
marketing@oceanidessepticandpest.com | corporate@oceanidessepticandpest.com TIN 260-084-087-00000

SERVICE 05

Drain and Pipe Declogging

Address slow drains and blocked lines before problems spread.

Oceanides assesses drainage blockages and applies a suitable clearing method based on pipe condition, access, and the likely cause. Recurring blockages may require a separate repair or further inspection.

01 Review of the affected drainage line

02 Clearing of accessible blockages within scope

03 Water-flow checks after the work

04 Advice on recurring issues and further repairs

AI-generated illustration of a drainage concern

Landline (02) 8633 8486 / (02) 8330 1329 Globe 0917 671 6383 Smart 0939 245 6217
marketing@oceanidessepticandpest.com | corporate@oceanidessepticandpest.com TIN 260-084-087-00000

SERVICE 06

Grease Tank and Trap Cleaning

Keep grease buildup from becoming a recurring kitchen drainage problem.

Oceanides provides grease tank and grease trap cleaning for food-service properties and other sites with grease-management needs. Work is coordinated around access and your operating schedule.

01 Assessment of grease tank or trap access

02 Removal of accumulated grease and settled waste

03 Cleaning of accessible internal areas within scope

04 Recommendations for a practical cleaning schedule

Oceanides project photo; site identity not specified

Landline (02) 8633 8486 / (02) 8330 1329 Globe 0917 671 6383 Smart 0939 245 6217
marketing@oceanidessepticandpest.com | corporate@oceanidessepticandpest.com TIN 260-084-087-00000

SERVICE 07

Pest Management Services

Protect the spaces where people work, stay, and dine.

Oceanides develops a pest-management scope around the pest concern, property use, and site findings. Programs can support restaurants, hotels, condominiums, offices, warehouses, and residential properties.

01 Site inspection and pest concern assessment

02 Treatment plan for the identified concern

03 Coordination of preparation and re-entry instructions

04 Follow-up and prevention advice within the agreed program

AI-generated service illustration

Landline (02) 8633 8486 / (02) 8330 1329 Globe 0917 671 6383 Smart 0939 245 6217
marketing@oceanidessepticandpest.com | corporate@oceanidessepticandpest.com TIN 260-084-087-00000

SERVICE 08

General Cleaning Services

Present a cleaner, better-cared-for space to everyone who enters.

Oceanides provides cleaning support for commercial and residential properties. Cleaning areas, frequency, materials, and exclusions are defined with the client before work starts.

01 Site walkthrough and cleaning checklist

02 Cleaning of agreed rooms and common areas

03 Coordination around occupancy and site access

04 Completion review with the client representative

Illustrative property interior; not an Oceanides project

Landline (02) 8633 8486 / (02) 8330 1329 Globe 0917 671 6383 Smart 0939 245 6217
marketing@oceanidessepticandpest.com | corporate@oceanidessepticandpest.com TIN 260-084-087-00000

SERVICE 09

Renovation, Restoration and Leak Repairs

Repair damaged spaces and plan improvements with a defined scope.

Oceanides accepts renovation and restoration work for homes, condominiums, and commercial properties, including ceiling repairs and water-leak concerns. The proposed work follows a site assessment, with specialist involvement where the project requires it.

01 Site assessment of damage and requested improvements

02 Ceiling repair and restoration within scope

03 Water-leak investigation and proposed corrective work

04 Renovation coordination and agreed finish review

AI-generated service illustration

Landline (02) 8633 8486 / (02) 8330 1329 Globe 0917 671 6383 Smart 0939 245 6217
marketing@oceanidessepticandpest.com | corporate@oceanidessepticandpest.com TIN 260-084-087-00000

SERVICE 10

Air-Conditioning Cleaning

Include your air-conditioning units in your property maintenance plan.

Oceanides provides air-conditioning cleaning based on unit type, access, and condition. Cleaning findings that require repair or further technical work are discussed separately with the client.

01 Review of unit type and service access

02 Cleaning of agreed accessible components

03 Drainage and visible-condition observations

04 Basic operation check after cleaning

Illustrative indoor setting; aircon service photo to follow

NEW SERVICE OFFER

Onsite wastewater treatment systems

A treatment system installed at your property, with Oceanides coordinating the project and agreed ongoing support.

We begin with the existing wastewater setup, site constraints and operating needs. The technical proposal defines the process, capacity, installation scope and service requirements.

Conceptual illustration; not the proposed equipment or a technical design.

Regular operation, inspection, servicing and sludge removal remain part of the system plan.

Landline (02) 8633 8486 / (02) 8330 1329 Globe 0917 671 6383 Smart 0939 245 6217
marketing@oceanidessepticandpest.com | corporate@oceanidessepticandpest.com TIN 260-084-087-00000

HOW THE OFFER WORKS

Treatment project and ongoing support

01 Assess the site

Review current tanks, wastewater flows, access and operating needs.

02 Define the proposal

Confirm technical design, capacity, installation scope and quotation.

03 Install and hand over

Coordinate specialist delivery and agreed operator guidance.

04 Support operation

Agree servicing, troubleshooting and permit-document assistance.

Potential maintenance savings are evaluated against the current service pattern and the proposed system. Support scope, fees and responsibilities are agreed in writing.

Landline (02) 8633 8486 / (02) 8330 1329 Globe 0917 671 6383 Smart 0939 245 6217
