OCEANIDES

COMPANY OVERVIEW

Oceanides coordinates property services for homes, condominiums and company facilities. Our service offering covers siphoning, plumbing, renovation and restoration, and pest control.

Oceanides remains your main contact from the initial inquiry to turnover. We coordinate the site assessment, quotation and service delivery, including specialist contractors where the work requires them.

OUR SERVICES

01 SIPHONING

Septic tank siphoning and cleaning, with the service scope based on site access and tank conditions.

02 PLUMBING

Assessment and repair of plumbing problems, including blockages and water leaks.

03 RENOVATION & RESTORATION

Repair and improvement work for houses and condominiums, with a quotation tailored to the site and the agreed scope.

04 PEST CONTROL

Pest control services based on an assessment of the property and the pest concerns reported by the client.

SIPHONING & PLUMBING

Assessment before the final scope

Oceanides reviews the site conditions and coordinates the appropriate work with the field team.

SIPHONING

Septic tank siphoning

Septic tank cleaning

Service coordination and site assessment

PLUMBING

Drain declogging

Plumbing and pipe leak repairs

Troubleshooting based on site findings

PREVIOUS SITE WORK

BEFORE

AFTER

Same site, before and after service.

RENOVATION & RESTORATION

Homes and condominiums

Repair and improvement work for houses and condominiums, with a quotation tailored to the site and the agreed scope.

House and condominium renovation

Restoration and ceiling repair or replacement

Roof leak repair and waterproofing

House cleaning within the agreed scope

PEST CONTROL

Pest control services based on an assessment of the property and the pest concerns reported by the client.

Assessment of pest activity

Treatment scope based on site findings

Service scheduling and contractor coordination

Work scope and specialist requirements follow the site assessment.

PROJECT COORDINATION

One main contact through turnover

01 SITE ASSESSMENT

Review the reported problem, work areas, site access and project requirements.

02 WRITTEN QUOTATION

Define the proposed work and pricing. Confirm the scope with the client before scheduling.

03 SERVICE COORDINATION

Arrange the field team or specialist contractor and coordinate access with the client.

04 TURNOVER

Review the agreed work with the client and coordinate any follow-up within the project scope.

WORKING WITH PROCUREMENT

Share your supplier-accreditation requirements with Oceanides. We can coordinate the company documents and project information required for your review.

OCEANIDES

SITE ASSESSMENT & QUOTATION

Tell us the service you need, the site location and your preferred inspection schedule. Oceanides will coordinate the assessment and prepare a quotation based on the findings.
