END OF EXTENDED STP SCOPE.

Septic tank service coordination

Coordinate the work at the accessible tank identified in the agreed site record. Additional tanks, concealed defects and access alterations are excluded unless added to a revised quotation.

Drainage repairs

Repair the drainage points listed in the sample scope. Scope limits, access arrangements and reinstatement follow the agreed site notes. No unlisted fixtures or concealed replacements are included.

Ceiling repair and restoration

Restore the agreed ceiling areas using the materials confirmed for this example. The scope does not include structural changes or repairs outside the identified areas.

Pest treatment coordination

Coordinate treatment of the assessed areas through the assigned specialist. Specific treatment methods, return visits and any warranty must be confirmed separately before inclusion.

PACKAGE TOTAL / PHP **₱99,999.00**

Payment agreement

On written acceptance, before work is scheduled	**₱33,333.00**
At the agreed intermediate milestone recorded with the client	**₱33,333.00**
At completion and turnover of the agreed scope	**₱33,333.00**

SAMPLE ONLY / FICTIONAL SCOPE AND AMOUNTS / NOT FOR CLIENT USE

Scope notes & conditions

This is a layout stress sample. No assessment, technical design, service booking or work commitment exists.

Site access and project milestones must be confirmed with the client. The sample does not imply a guaranteed completion date.

No equipment ownership, accreditation, treatment performance or maintenance-free promise is made.

This quotation covers only the scope listed above.

Any additional work requires a revised written quotation and client approval before it begins.

Acceptance & next step

To proceed, sign below and return this quotation to Oceanides. We will coordinate scheduling under the agreed payment terms.
